

## ROLLER TIPS

ROLLER TIP-Can be used on either manual or automatic applications to dispense a flat film type glue pattern to resilient surfaces such as fabrics, foam rubber, soft and porous plastics. All sizes have clean out laterals to facilitate maintenance.

ROLLER TIP bodies are made of coated aluminum. Rollers are stainless steel. For use with AUTOMATIC, FULCRUM LEVER or MANUAL VALVES.

- Overall width = roller width = 1/2-in.

### ROLLER TIP - 3/8 (M) UNF THREADED INLET

OVS p/n	ARO p/n	Roller width inches (mm)
599xx001	403100	0.250(6.3)
599xx002	403101	0.375(9.5)
599xx003	403102	0.500(12.7)
599xx004	403106	1.0(25.4)
599xx005	403122	3.0(76.2)

### ROLLER TIP - MALE QUICK-CHANGE INLET ADAPTER

OVS p/n	ARO p/n	Roller width inches (mm)
599xx051	403100-3	0.250(6.3)
599xx052	403101-3	0.375(9.5)
599xx053	403102-3	0.500(12.7)
599xx054	403106-3	1.0(25.4)
599xx055	403122-3	3.0(76.2)
